AudioZone

The AudioZone is a truly unique piece of playground equipment designed for endless play possibilities. The game starts by spinning the handle in the middle to generate Human Powered Energy, pick a game by hitting one of the four Sidekicks and play! There are four fun and unique games to choose from: Memory, Lights Out, Dance Battle and Follow the Light. Games are played by running around and hitting the Sidekicks. Hit the Sidekicks with a ball, your feet or jump on them! Music and LED lighting create an unforgettable and fun experience everytime again. The AudioZone can be played by one person or by a group of friends. Installation is easy peasy because there's no need for power cables or batteries, it works on Human Powered Energy. Play is an essential element in the development of any person, young and old, the AudioZone offers just that, pure fun and play.

All Playnetic products are 100% Human Powered. The user generates the energy. There is no need for external electricity or batteries.

All Playnetic products enhance the playing experience through beautiful audio design.

All Playnetic products are weather resistant.

Playnetic products can enrich the playing experience through LED lighting technology.

Playnetic products offer fun, exciting and challenging games through brightly illuminated push buttons or other forms of input.

Several Playnetic products have a removable USB stick with .mp3 audio files. This allows for easy customization and new content.

All Playnetic products use .mp3 coding format. This is a universally used file format for audio. It allows for easy customization and content creation.
